

Cruise to the Rock – Thursday, November 23

To be driving our cars after almost everyone else has stopped driving theirs is quite a thrill. The CMG club has a traditional ‘top-down’ cruise to celebrate the first automobile race in America on Thanksgiving Day in 1895.

NOTE: This year may be little different since there appear to be construction markings for the Obama Presidential Library in the area of The Rock.

We historically meet at 9:00 am at the race monument (The Rock) at the west side of the Museum of Science and Industry in historic Hyde Park.
